Communication is a key element in maintaining peace and order. If there are things happening with our members we need to know. Please communicate with us as soon as possible so we can work with, and support, you. You can directly email our lending department at **lending@securtrust.org**. Let's work together to find a solution that will work for you. We are also working hard to make sure and communicate with you as much as possible.

We are open for business.

Our lobby is closed except for appointments.

Our drive up is open:

Mon - Thur 8:00 AM - 4:30 PM
 Friday 8:00 AM - 6:00 PM

CONGRATULATIONS!!

This year's April-No-Foolin winner is Stephanie S.
 Way To Go!!

We hope you enjoy 1 FULL YEAR of no interest on your loan.

We are always excited with this promotion. It is such a great way to be a blessing to our ST family.

TWO Apps to Help You in EVERY Way

SecurTrust Mobile App

On our mobile app you can perform almost every type of transaction as if you were in the building. You can:

- Start a loan application
- Start a membership application
- Make a loan payment
- Make a ST Visa credit car payment
- Mobile banking
- Mobile deposits
- See the rates on our shares/loans/IRA accounts
- Set up traveling notification on your debit card

We always prefer to see our members in person, but under current conditions you can take care of almost every transaction needed.

My Mobile Money

If you are not using this app, you really need to investigate it. This app allows you to monitor and control ALL transactions for your SecurTrust debit card. You can set up notifications for when a transaction occurs, when preset limits (set by you) are reached, and even when there are transactions outside of set geographic locations. You can also set up notifications when there are certain types of transactions, for instance, when used for mail/phone ordering, at an ATM, or even for certain types of stores.

You can place controls on all cards that you set up. You are able to setup multiple cards to monitor in case you are joint owner on other accounts.

If you misplace or lose a card or are alerted to possible fraudulent activities, you can disable your card directly from the app. If you find your card later, or if the suspected activities are not fraudulent, then you re-activate your card right there and then.
